The Hotel Restaurant Alla Corte is located north-west of the town of Bassano del Grappa, a short walk from the historic centre, but immersed in green hills where the architecture and the countryside blend to make it one of the most in one of the most harmonious landscapes in the Veneto.

There are 32 large rooms, with air conditioning and equipped with the most modern comforts: internet connection wi-fi, ample parking and a welcoming, beautifully furnished salon for all to use.

The elegant rooms of the restaurant, together with the external "patio", are the ideal place to taste the fine regional dishes and new offers of the more international cuisine, knowledgeably chosen, in harmony with the seasons, by our chef. The menu of fish, in all its variety, for quality and refinement, seeks to be the "top" among the gastronomic delights we offer.

A traditional "taverna" (party-room) with a fireplace is available for more private functions.

Our guests are greeted in an atmosphere of charm and courtesy whether they are here for a buffet, a banquet, business meeting or any other special celebration or occasion. Seating for up to 160 people.

Always Open.
