Deep in the heart of the Asolan Hills lies a jewel of art, history and tradition: Villa Razzolini Loredan, where the gourmet cuisine of the restaurant mingles with the hospitality of the owners and their love of Veneto history and traditions. The Villa is a superb example of 17th century architecture.

It has a spacious dining room and many smaller rooms for dinner parties, or business entertaining.

The Park, with its ancient trees, often tempts guests to take long, leisurely strolls outside.

The ideal setting for aperitifs, buffets, wedding receptions, sporting events and working lunches.

Closed on Monday evenings.
